“Scrappy Applique”

February 15, 2022

Her class *“Scrappy Applique”* will be following our meeting

from 1:00 p.m. - 5:00 p.m.

Perfect for both beginner and advanced quilters, participants will learn how to take fabric scraps and turn them into gorgeous applique pieces using Shannon Brinkley's signature technique: Scrappy Applique. Each project will be a unique expression of the participant's creativity. Participants choose their favorite pattern (available for purchase at the workshop) and learn the Scrappy Applique technique step-by-step.
