

SANDHILLS QUILTERS GUILD

Program Description

October 17:

- We are very fortunate to have Georgia Bonesteel visit the guild in October! Since 1978 when her television program, *Lap Quilting with Georgia Bonesteel* debuted on North Carolina Public Television Georgia has been one of the most watched and notable teachers in quilting.
- Her methods and designs respect traditions and push quilters to explore creativity. Georgia's most recent book, *Scrap Happy Quilts by Georgia Bonesteel* is both a memoir of her life in quilts and new fun and inspiring projects and patterns for quilters of all skills.
- Georgia will be presenting a program titled **How to Click on the Light Bulb of Creativity**. This will be followed by a half-day workshop: **Stars Over the Sandhills**.
- This is a Step by Step lesson on drafting your own 18" block using Grid Grip as templates for curved lines. Become a quilt drafts woman to open new doors and understand star designs such as the classic Le Moyne Star (cost \$25 for members, \$35 for guests).
- The meeting and workshop will be held at Our Saviour Lutheran Church, Southern Pines, NC. *Workshop supply list and registration form follow.*
